MODI

STAINLESS MOBILE DRIVE-IN SCALE

HIGHLY PORTABLE WEIGHING

PROFESSIONAL WEIGHING EFFORTLESS PORTABILITY

- Premium quality manufacturing
- Unique portable design with 4 wheels
- Fully stainless steel washdown construction
- IP69 stainless steel OIML approved loadcells
- Ultra smooth processed surface for hygiene
- Supplied with column and easy access ramp
- 12 months manufacturer's warranty
- Various standard sizes and capacities

With its high quality, fully stainless steel construction and IP69 rated loadcells, the highly portable MODI (Mobile Drive-In) complies to GMP and HACCP production standards and is ideal for harsh, wet and sanitary environments where hygienic cleaning is vital.

The OIML approved MODI has 4 folding stainless brackets that effortlessly rotate to lift the platform onto wheels for easy transit. The scale comes complete with a steering handle mounted on a convenient column and a removeable easy access ramp. A premium quality and robust build makes the platform ideal for Pharma, food and cosmetic industries with dimensions ranging from 850mm to 1500mm and capacities from 300kg to 3000kg.

CLASS III VERIFIED

Our ISO 9001:2015 registration includes our quality system approval for Self Verification, allowing us to test and certify scales for trade use here at our factory. All Baykon MODI platforms use OIML approved loadcells and are designed for Class III approval.

CUSTOMER SUPPORT

We provide the highest level of before and after sales and service support. Our technical staff are highly experienced and knowledgeable in all aspects of the weighing industry and are ready to provide support and advice on any of our products.

QUALITY

Our ISO 9001:2015 registration ensures that all of our platforms are manufactured and tested to strict quality standards and are fully QA tested and calibrated by our highly trained engineers.

EXPERIENCE

The quality and reliability of our industrial weighing scales is the result of over 30 years of design and manufacturing experience.

RELIABILITY

Baykon platform scales are built to last. We use high quality components and will not compromise on material and build quality. All of our loadcells are OIML approved and all platforms can be Class III verified as required.

As well as maintaining high hygiene standards, **reducing heavy lifting and manual handling** is a key priority for Health and Safety Managers. The Baykon MODI Mobile Drive-In Platform delivers on both accounts. During high pressure washdown and its highly processed ultra smooth surface and wash-through design helps to eliminate bug traps and risks of contamination.

MODEL	DIMENSIONS
MODI8585	850mm x 850mm
MODI1010	1000mm x 1000mm
MODI1212	1250mm x 1000mm
MODI1512	1500mm x 1250mm
MODI1515	1500mm x 1500mm

SPECIFICATIONS

CAPACITY OPTIONS	100kg, 150kg, 300kg, 600kg, 1000kg, 1500kg, 2000kg, 3000kg
CONSTRUCTION	304 grade stainless steel with ultra smooth finish. Seamless frame with 5mm top plate, laminated base and a mobile kit to lift scale for easy manoeuvrability
FINISH	Professional - dirt trap free - ultra smooth processed finish
LOADCELLS	4 off Flintec OIML approved IP69 rated stainless steel loadcells
CABLE	5m of high quality cable with steel armoured braiding
FEET	Stainless Steel mounting feet
JUNCTION BOX	Stainless steel sealed junction box and summing board
RAMP	Supplied with one stainless ramp

OPTIONS

- * 316 grade stainless steel construction
- * OIML Class III approval for trade use
- * Various custom sizes and capacities
- * Calibration Certificate to National Standards
