VWS

STAINLESS STEEL PLATFORM SCALES

**TRUSTED BY WEIGHING PROFESSIONALS
AND INDUSTRY FOR OVER 25 YEARS**

The UK made OIML approved VWS and heavy duty VWHDS stainless steel platform scales are renowned for their impressive design and premium quality construction and finish. Built to last, the VWS range come with a 2 year manufacturer's warranty and are one of the most reliable and durable platform scales available. All models feature OIML approved IP69 fully washdown stainless steel loadcells, stainless steel food grade feet and a sealed stainless junction box, ensuring accurate and reliable weighing performance in the harshest of environments. The VWS range is built to order in the UK and as such every model can be customised if required to meet specific project requirements such as custom dimensions, extra high or low capacities, ATEX, removeable top plates, gas assist lift top (VWSLT), access ramps or pit mounting.

QUALITY UK MANUFACTURING

- Built to Last - 2 year manufacturer's warranty
- UK made to the highest quality standards
- Standard or high capacity heavy duty design
- Professional bead blasted finish
- IP69 stainless steel OIML approved loadcells
- Free standing, pit mounted or with up to 4 ramps
- Fully customisable - size, finish, capacity...
- Various standard sizes and capacities
- Custom sizes and capacities available

CLASS III VERIFIED

Our ISO 9001:2015 registration includes our quality system approval for Self Verification, allowing us to test and certify scales for trade use here at our factory. All VW platforms use OIML approved loadcells and are designed for Class III approval.

CUSTOMER SUPPORT

We provide the highest level of before and after sales and service support. Our technical staff are highly experienced and knowledgeable in all aspects of the weighing industry and are ready to provide support and advice on any of our products.

QUALITY

Our ISO 9001:2015 registration ensures that all of our platforms are manufactured to strict quality standards and are fully QA tested and calibrated by our highly trained engineers.

EXPERIENCE

The quality and reliability of the VW range of industrial weighing scales is the result of over 25 years of design and manufacturing experience.

RELIABILITY

The VW range is built to last. We use quality components and will not compromise on material and build quality. All of our loadcells are OIML approved and all platforms can be Class III verified as required.

VWS MODEL	VWHDS HIGH CAPACITY MODEL	DIMENSIONS*
VWS600	-	600mm x 600mm
VWS800	-	800mm x 800mm
VWS1010	VWHDS1010	1000mm x 1000mm
VWS1210	VWHDS1210	1250mm x 1000mm
VWS1212	VWHDS1212	1250mm x 1250mm
VWS1512	VWHDS1512	1500mm x 1250mm
VWS1515	VWHDS1515	1500mm x 1500mm
-	VWHDS1812	1800mm x 1250mm
-	VWHDS1815	1800mm x 1500mm

SPECIFICATIONS

CAPACITY OPTIONS	VWS: 150kg, 300kg, 600kg, 1000kg, 1500kg, 2000kg, 3000kg VWHDS: 600kg, 1000kg, 2000kg, 3000kg, 5,000kg (Higher capacity and other capacity options available on request)
PLATFORM HEIGHT	VWS: Approx. 80mm to Weighing Area VWHDS: Approx. 130mm to Weighing Area
CONSTRUCTION	304 grade stainless steel with smooth top plate (durbar optional) VWS: 100 x 50 x 4 rectangular box section with 5mm top plate VWHDS: 100 x 50 x 4 PFC rectangular box section on-side
FINISH	Professional glass bead blast finish
LOADCELLS	4 off Flintec OIML approved IP69 rated stainless steel loadcells
CABLE	5m of high quality cable with steel armoured braiding
FEET	Food grade height adjustable stainless rubber based mounting feet
JUNCTION BOX	Stainless steel sealed junction box and summing board

OPTIONS

- 316 Stainless Steel
- Custom Dimensions
- Extra High Capacity
- Durbar/Chequered top plate
- ATEX loadcells and junction box
- Lipped edges for wheeled containers
- OIML Class III approval for trade use
- Calibration Certificate to National Standards
- Pit/Locating Frame for Dormant/In-Ground
- Removable Top Plate
- Ramps for easy access
- Handles for lifting
